Inglés I

SAMPLE RESUME: JUNIOR IT DEVELOPER

MARTINA LÓPEZ

Buenos Aires, Argentina

Email: martina.lopez@email.com

LinkedIn: linkedin.com/in/martinalopez

PROFESSIONAL PROFILE

I am a motivated junior IT developer with a strong interest in software development. I enjoy working in a team and finding solutions to technical problems. I am looking for an IT **internship** or a junior position where I can use my technical **skills** and gain more **work experience**.

EDUCATION AND QUALIFICATIONS

Technical Degree in Software Development – In progress

Instituto Superior de Tecnología, Buenos Aires

- I am studying for a **degree** in software development.
- My **qualifications** include training in databases, web development, and computer systems.
- I have basic knowledge of several **programming languages**, including Python, JavaScript, and SQL.

TECHNICAL SKILLS

- **Develop** and **create** simple web applications using HTML, CSS, and JavaScript.
- **Design** user-friendly web pages.
- **Manage** data using SQL databases.
- **Test** applications to identify errors.
- **Maintain** and update existing websites.

- **Solve** basic technical problems through **troubleshooting**.
- **Support** users with common software and hardware issues.
- **Improve** application performance by identifying simple problems.
- **Collaborate** with other students on programming projects.

PROJECT EXPERIENCE

Student Web Application Project

I worked with three classmates to develop a web application for managing student information. My main **responsibilities** included designing web pages, creating database tables, and testing the application.

I helped **manage** the project tasks and worked with my teammates to meet each **deadline**. I also tested the application several times and helped solve technical problems.

One important **achievement** was creating a working application that allowed users to search for and organize student records.

ADDITIONAL EXPERIENCE

Volunteer IT Support – Community Centre

- **Supported** users with basic computer problems.
- Helped with software installation and simple **troubleshooting**.
- **Maintained** computers and checked that applications worked correctly.
- Improved my communication skills by helping people with different levels of computer knowledge.

PERSONAL SKILLS

- Teamwork and **collaboration**
- Problem-solving
- Time management
- Willingness to learn
- Ability to work independently

CAREER OBJECTIVE

I would like to join an IT company where I can contribute to real projects, develop my technical skills, and gain professional experience. I am particularly interested in web development and database management.

LANGUAGES

- Spanish: Native
- English: Elementary to pre-intermediate
